### TO CUBA WITH LOVE

In November I returned to Cuba with a great group of guys. Up to this point we have been buying houses and land for house/churches. This time we are building from the ground up. They have a saying in Cuba: "No money, no materials, no permission". You need all three to get the job done. We hauled as many tools as we could carry as they are extremely limited. It's amazing to see what creative minds can come up when there is so little. The rebar was delivered dragged behind a motorcycle, 600 concrete blocks were delivered and stacked by the boys, and mortar was mixed by hand without complaining.

My week was less strenuous, speaking at a Pastors Conference and church services. The intensity in worship is overwhelming. I wanted to take a few pictures during worship without being disruptive to the flow of the service. It was easy as no one had their eyes open to see what I or anyone else was doing.

I plan on being in Cuba four times this year to continue to equip, empower, encourage and evangelize.

### YOU CAN HELP

We need **tools!** Our goal is to have a tool box in each Presbytery.

We need **cell phones** for the Pastors.

We need **sewing accessories and fabrics** to accompany the 12 Singer sewing machines.

### THOUGHTS FROM MY JOURNAL

Be the change you want to see in the world.

Don't settle for a better life when you can have eternal life.

One of two will pay for your sins. You or Jesus!

What is it that makes you less than what God wants?

## CHRISTMAS LIVING

One of the joys of Christmas is giving! Thanks to our Partners, we were able to give to three Ministries which in turn blessed hundreds of people in Toronto, London, and Oshawa. Reapers helped host a Christmas Dinner with Courtice Family Worship Centre for 130 people. What a fantastic evening with a full course turkey dinner, gift cards, toys, winter clothes, and an opportunity to share the Gospel. One of the joys for me personally was reconnecting with a young father who I led to Christ two years ago. At the end of the evening a young lady approached me to say thanks for a lovely evening. Then these words followed, "You may not have heard but last night one of our friends was killed, he was just 21 years old. So tonight was extra special for us as it made us feel human". It doesn't take a lot to show people they are loved, special and valued.

**Better Together!**

## THE CALL OF THE GASPÉ

The Gaspé Peninsula is not the biggest piece of real estate in Canada at just 250 kms long and approximately 120 kms across. The last census suggests there are 140,000 people that live there. It's a beautiful place with one major highway that circles the peninsula. I was introduced to the Gaspé in the late 60's by my Dad who hosted summer evangelism teams throughout the region. Depending on whom you talk to the name Gaspésie means, "end of the land".

Amqui, Québec

I confess over the past 40 years I have been drawn back to this part of Québec on a regular basis. Last October after preaching in Amqui, QC for a weekend, I drove through the Matapedia and along the South Shore of the Gaspé. I stopped to visit Pastors and friends in New Richmond, New Carlisle, Hope, Chandler, and Gaspé Town. I found it hard to keep my eyes on the road with the water on my right and the autumn colors on my left. Such a beautiful place with its rugged, jagged rock cuts and sheltered sandy bays. My agenda for the week was simply to visit, listen, laugh, leave gifts, have a meal, and pray with leaders. I loved every minute of it and look forward to returning two or three times to the end of the land in 2017.

## HARVEST PRINCIPLES

The gospel is Good News because it works, North, East, West and South.

Evangelism is a Biblical priority, an eternal purpose and Godhead passion.

Evangelism is a reflection of the work of Holy Spirit in our lives.
